

Next Steps...

CONSIDERING JOINING US?

If you believe that God is asking you to consider joining MDE and serving in an unreached community, let's talk. We would be honored to explore options with you. Or maybe you are not quite ready to explore specific options and just have a question. That's great too. Visit our website at www.buildmde.com for more information, resources, and ways to connect.

Our Vision ... Our Goal

OUR VISION is to see thousands of mature Christ-followers taking the presence and the message of Christ to the billions who have little to no hope of experiencing God's love or hearing truth in their community.

We believe this is often done best through relationships built in the natural setting of the "marketplace" of a community; relationships that are developed by working alongside people – either as a fellow employee or as the owner of a business.

OUR GOAL is to connect Christ-followers with opportunities and with resources that encourage and enable them to use their vocational skills and passions in unreached communities for the purpose of teaming with others in planting healthy, reproducing churches.

Providing Authentic Access
into Unreached Communities

What we do...

WE CONNECT BELIEVERS IN THE MARKETPLACE with opportunities and resources that allow them to find and engage an unreached community and find others to do it with them.

We help mature Christ-followers, who want to use their vocational skills and experience and want to change lives, to be Christ’s ambassadors in unreached communities. We help people who are making disciples “here” make disciples “there.” We partner with teachers, lab techs, salespeople, engineers, doctors, chemists, etc., helping them find jobs in unreached communities and connect with others to develop relationships, make friends, build trust, share dreams, trials, struggles, joys, and work with them to tell others about the true Lord and his love and mercy and grace.

JUST TO CLARIFY...

MDE is a service organization, not a missions agency. We provide or help MDE members find:

- Ministry Support
- Business/Vocational Support
- Personal/Spiritual Support
- Training/Educational Support

Why we do it...

BECAUSE OF THE BILLIONS

There are billions of individuals who have not experienced the power of God’s love, who have not known his joy, who have not felt the peace that surpasses all understanding. While we need to continue to send full-time church planters, those of us working in the marketplace must go as well and be Christ’s ambassadors.

BECAUSE OF THE THOUSANDS

God has called all believers to make disciples. He has called most believers to do so as workers in the marketplace and not as pastors or missionaries. There are thousands of believers who would be willing to work and make disciples in unreached communities of the world with the right encouragement and support. MDE provides both.

BECAUSE OF THE IMPACT

Believers in the workplace have access into the lives of the unreached that full-time missionaries dream of. They are able to share the gospel through the natural relationships that flow from working and living in authentic ways among the unreached.

Who we serve...

WE HELP THOSE WHO DO:

TENTMAKING

Working in “secular” job markets – where individuals model Christian living and develop relationships with co-workers, supervisors, students, and customers in order to share the love of Christ.

BUSINESS AS MISSION (“BAM”) VENTURES

Developing sustainable, profitable, reproducible businesses that meet the economic, spiritual, and social needs of people with the goal of transforming lives with the gospel message.

ECONOMIC AND COMMUNITY DEVELOPMENT ENDEAVORS

Investing in impoverished communities with the goal of fostering sustainable economic and social growth, meeting demonstrated needs in the name and through the power of Jesus, and paving the way to witness for Christ.
